

South Plains Regional Science and Engineering Fair (SPRSEF)

February 26, 2025

Hello everyone,

As everyone gets started with a busy school year, we wanted to send you a bit of information about the SPRSEF season:

- SPRSEF 2025 will occur on February 26, 2025 at the United Spirit Arena.
- All forms and paperwork will need to be turned into Sandy by February 5th, 2025.
- The regional science fair is the next level of competition for 4th-12th grade students who participate in a science fair at the local school or district.
 - If your district/school doesn't have a science fair, you, as the teacher/parent can be the sponsor for an individual student or your class of students. You will select the top project/s and advance those to the SPRSEF for competition
- Please refer to the South Plains Regional Science and Engineering Fair Participation Equalization Guidelines for the maximum number of projects per grade enrollment.
- The registration fee per individual project is \$25. Team Project fee will be \$35.
- We will be using Stem Wizard again this year for Middle School and High School students. Training for Stem Wizard is online in order to accommodate your different schedules. There have been some changes to the Middle School forms and signature process for everyone. If you have used Stem Wizard previously, you will use the same login to reactivate your account. If you have forgotten your password, use the "forgot password" link.
 - Stem Wizard site: (need to put link up on our site)
http://southplainsref.stemwizard.com/public_site/home/southplainsrsef
- The form for this year's SPRSEF t-shirt is available on Stem Wizard and on SPRSEF site. This form must be printed, filled out, and delivered (with funds) to Sandy Hancock by February 5th, 2025.

To access forms - SPRSEF website: <http://www.phys.ttu.edu/scifair/index.html>

Please feel free to contact us with any questions.
